Self-Introductions

EcoGreen Group of Silicon Valley

Creating Opportunities for Sustainability and Clean Technologies

Mission

EcoGreen Group creates professional and entrepreneurial opportunities in sustainability and clean technologies through education, professional development, industry collaboration, and networking.

The EcoGreen Group fulfills this mission through our

- online blog,
- social media,
- collaborative workspaces,
- **volunteer opportunities** (see Rod)
- member projects,
- weekly and monthly meetings,
- and speaker events on specific sustainability topics.

Upcoming EGG Programs

- Feb 2 Shahram Javey from Badger Meter
 (invited by Tony)
 <https://www.badgermeter.com/>

- Feb 9 Group discussion :
 Bay-Delta Water Quality Control Plan?

- Feb 16 Shelkie Tao

- Feb 23

Tell the State Water Board to Reduce Delta Water Exports and Increase Delta Flows!

Creating Opportunities for Sustainability and Clean Technologies

Events

Plug and Play Monthly Sustainability Meetup

 Tell a friend Share

Thursday, January 26, 2017

6:00 PM to 8:30 PM

Plug and Play Sunnyvale

440 N. Wolfe Rd., Sunnyvale, CA (map)

Every month we invite thought leaders in the CleanTech and Energy space to connect with and learn from as they reveal their success stories.

It is a great opportunity to learn and network with like-minded people.

Today's Program

Why The Time Is Now To Get Over the “Yuck Factor”

Tony Green enjoys using his technical background to help people solve problems in fascinating applications which he hopes will make the world a better place in the long run. His career has included roles in application/project engineering and sales/marketing in the alternative energy, environmental, and utility industries. Tony has worked as a Water Treatment Sales Engineer for sustainability focused water treatment company who works with Commercial and Industrial Clients to reduce their water consumption, optimize their energy usage all while being sustainable
