Self-Introductions

EcoGreen Group of Silicon Valley

Creating Opportunities for Sustainability and Clean Technologies

Mission

EcoGreen Group creates professional and entrepreneurial opportunities in sustainability and clean technologies through education, professional development, industry collaboration, and networking.

The EcoGreen Group fulfills this mission through our

- online blog,
- social media,
- collaborative workspaces,
- volunteer opportunities,
- member projects,
- weekly and monthly meetings,
- and speaker events on specific sustainability topics.

Global Population Growth

Hila Matas has a BSc in Biophysics and an MSc in Chemistry from Bar-Ilan University, Israel. "I find chemistry and people fascinating, and surprisingly similar. As a mother of 3, an immigrant and an urban sprawler, I'm part of the problem, but I'm working to be part of the solution". Hila is a member of the EcoGreen Group of Silicon Valley.
