Self-Introductions

EcoGreen Group of Silicon Valley

Creating Opportunities for Sustainability and Clean Technologies

Mission

EcoGreen Group creates professional and entrepreneurial opportunities in sustainability and clean technologies through education, professional development, industry collaboration, and networking.

The EcoGreen Group fulfills this mission through our

- online blog,
- social media,
- collaborative workspaces,
- **volunteer opportunities** (see Rod)
- member projects,
- weekly and monthly meetings,
- and speaker events on specific sustainability topics.

Today's Program

For or Against Nuclear Power: Common Ground Traveled

Tony Green enjoys using his technical background to help people solve problems in fascinating applications which he hopes will make the world a better place in the long run. His career has included roles in application/project engineering and sales/marketing in the alternative energy, environmental, and utility industries. Tony has worked as a Water Treatment Sales Engineer for sustainability focused water treatment company who works with Commercial and Industrial Clients to reduce their water consumption, optimize their energy usage all while being sustainable
