Self-Introductions

EcoGreen Group of Silicon Valley

Creating Opportunities for Sustainability and Clean Technologies

Mission

EcoGreen Group creates professional and entrepreneurial opportunities in sustainability and clean technologies through education, professional development, industry collaboration, and networking.

The EcoGreen Group fulfills this mission through our

- online blog,
- social media,
- collaborative workspaces,
- **volunteer opportunities** (see Rod)
- member projects,
- weekly and monthly meetings,
- and speaker events on specific sustainability topics.

Upcoming EGG Programs

Dec 8	Debra: Sustainability Action

Events

Meet the men and women behind SJ's Zero Net Energy project

Zero net energy buildings are ultra-efficient new construction and deep energy retrofit projects that consume only as much energy as they produce from clean, renewable resources. Join architects, city planners, utilities, building owners and developers to hear more about how to transform our existing buildings to be zero net energy powerhouses. Attendees will build knowledge with case studies, learn about coming codes, current incentives and more.

December 2 9:30 am - 4:00 pm
